

SAMHSA-HRSA CENTER for INTEGRATED HEALTH SOLUTIONS

Discussion of BHICA Results

Central Regional Meeting

Purpose

To discuss common issues that arose from the BHICA results.

To address these issues using TTA goals from quarterly and any additional new goals.

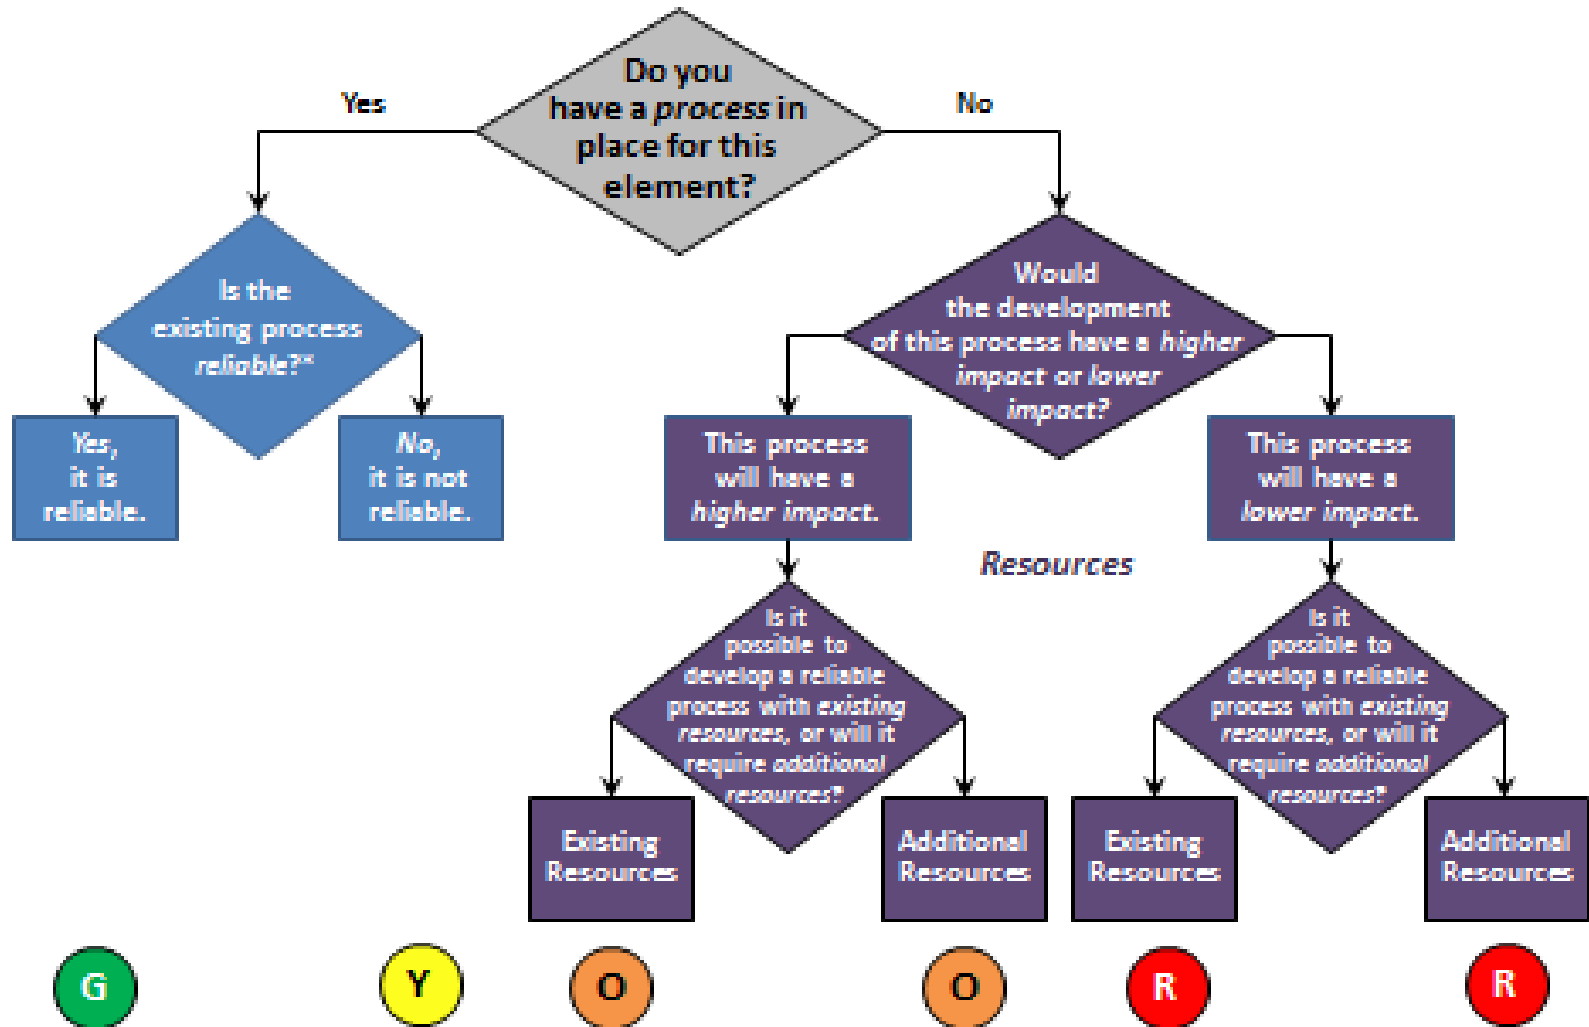

Description of the Behavioral Health Integration Capacity Assessment (BHICA)

Evaluates behavioral health organizations in their ability to implement fully integrated care

Examines each of three potential approaches:
coordinated care, co-locate, build capacity in-house

Inform Training and Technical Assistance (TTA) goals

The majority of BHICA items are coded into 4 categories:

BHICA Categories:

Green

There is a process in place and it is reliable

Yellow

There is a process in place and it is not reliable

Orange

There is no a process in place and it will have a higher impact

Red

There is no process in place and it will have a lower impact

BHICA Results

53 of 72 agencies completed the BHICA

9 agencies in the Central region completed the BHICA

BHICA Discussion By Section

Section 2: Assessing Your Infrastructure

Section 3: Screening and Identification of Population

Section 4: Assessing Optimal Integration

Section 5: Financing Integration

Section 2.1: Capacity to Collect Data, Exchange Information and Monitor Population Health

The **highest** and **lowest** percent of green responses:

...participating in a secure, shared electronic messaging service?

100%

...able to manage chronic conditions in the EHR?

100%

...use an electronic health record (EHR)?

100%

...participating in a Health Information Exchange in your state?

33%

Is your EHR able to interface with other systems outside of the organization?

33%

...record progress notes/the nature of the last primary care visit?

29%

Section 2.2: Progress and Outcome Tracking

The **highest** and **lowest** percent of green responses:

... use the data it collects to assess how it is doing with care delivery?

88%

...use the individual-level data to determine organizational or clinical changes?

88%

...track medication use of individuals treated by the organization?

88%

....track individual changes in health behaviors?

50%

....track individual changes in health outcomes?

43%

... track measures of self-reported health outcomes?

33%

Section 2.3 & 2.4: Communication and Connection with Community Resources

The **highest** and **lowest** percent of green responses:

Do providers engage with individuals and/or families about treatment goals?

100%

Are individuals informed of their rights regarding the sharing of information?

100%

Are HIPAA provisions and consents for sharing protected information in place?

100%

...maintain a list of local mental illness-related wellness activities?

75%

...offer wellness programs?

75%

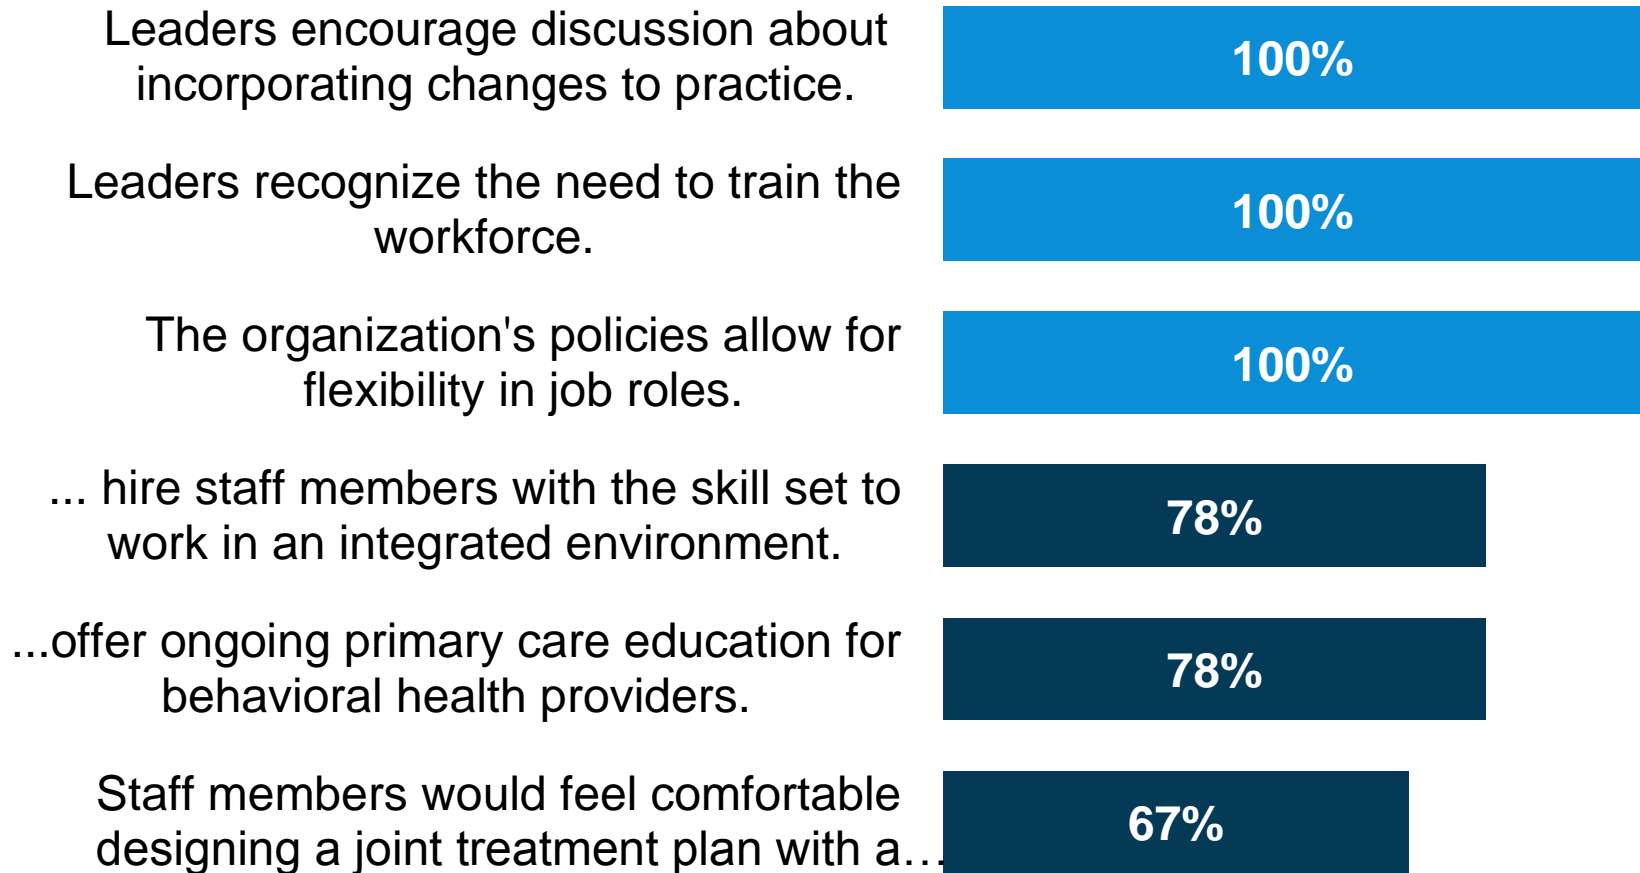

...provide individuals with materials to encourage them to ask providers about...

71%

Section 2.5: Leadership and Staff Engagement

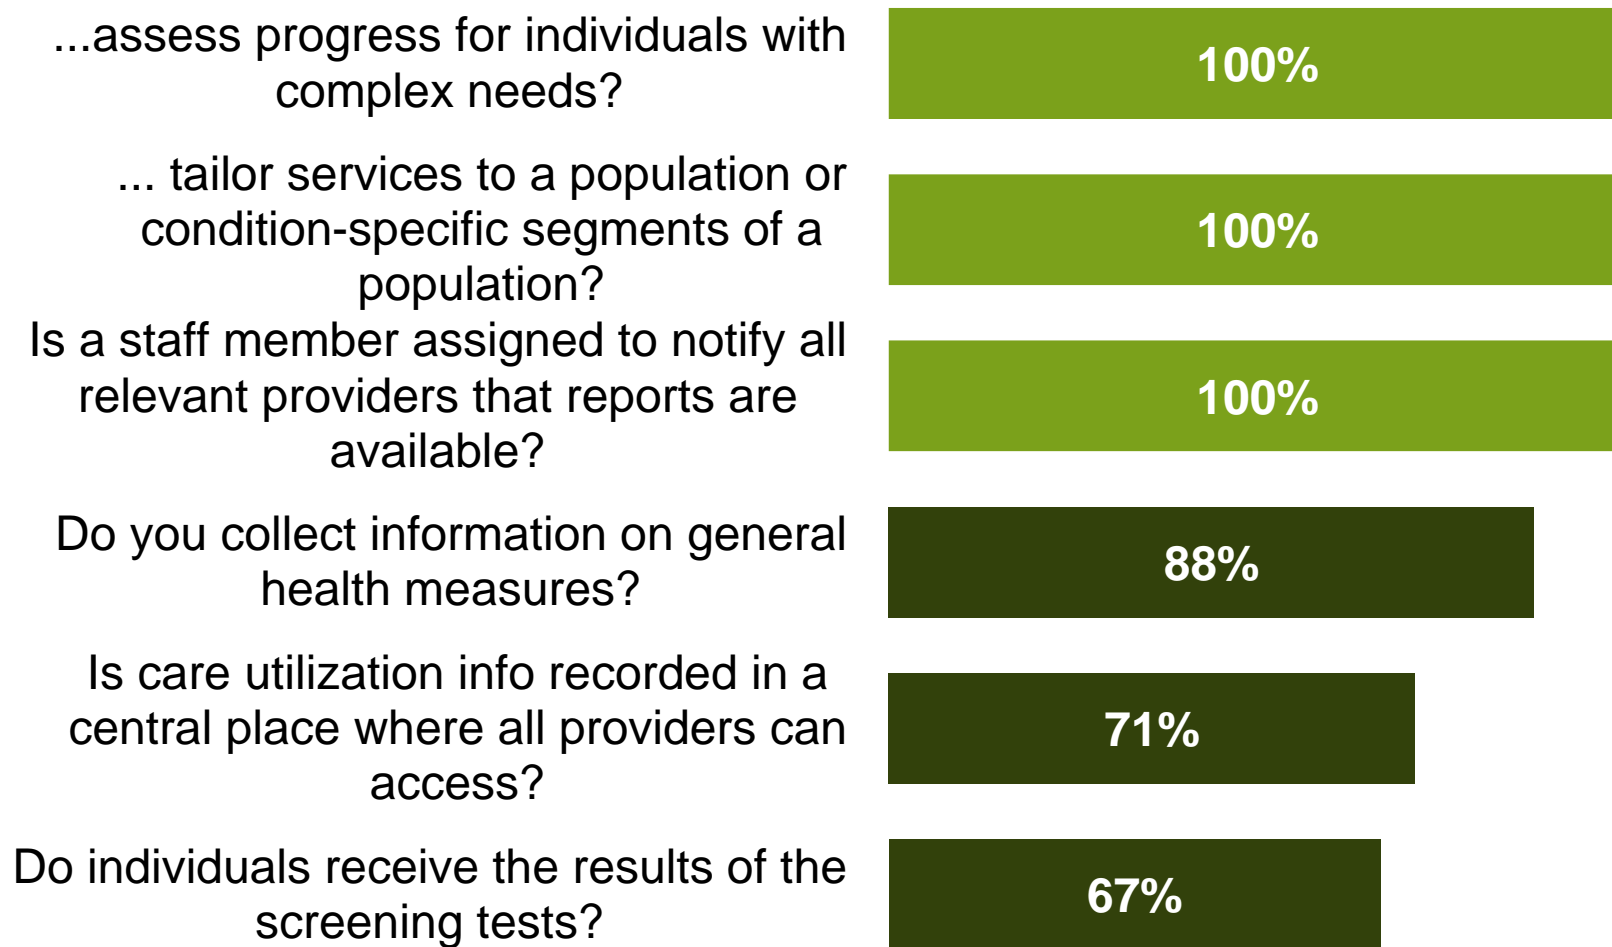

The **highest** and **lowest** percent of agree/strongly agree responses:

Section 3: Screening and Identification of Population

The **highest** and **lowest** percent of green responses:

Section 4.1: Care Coordination

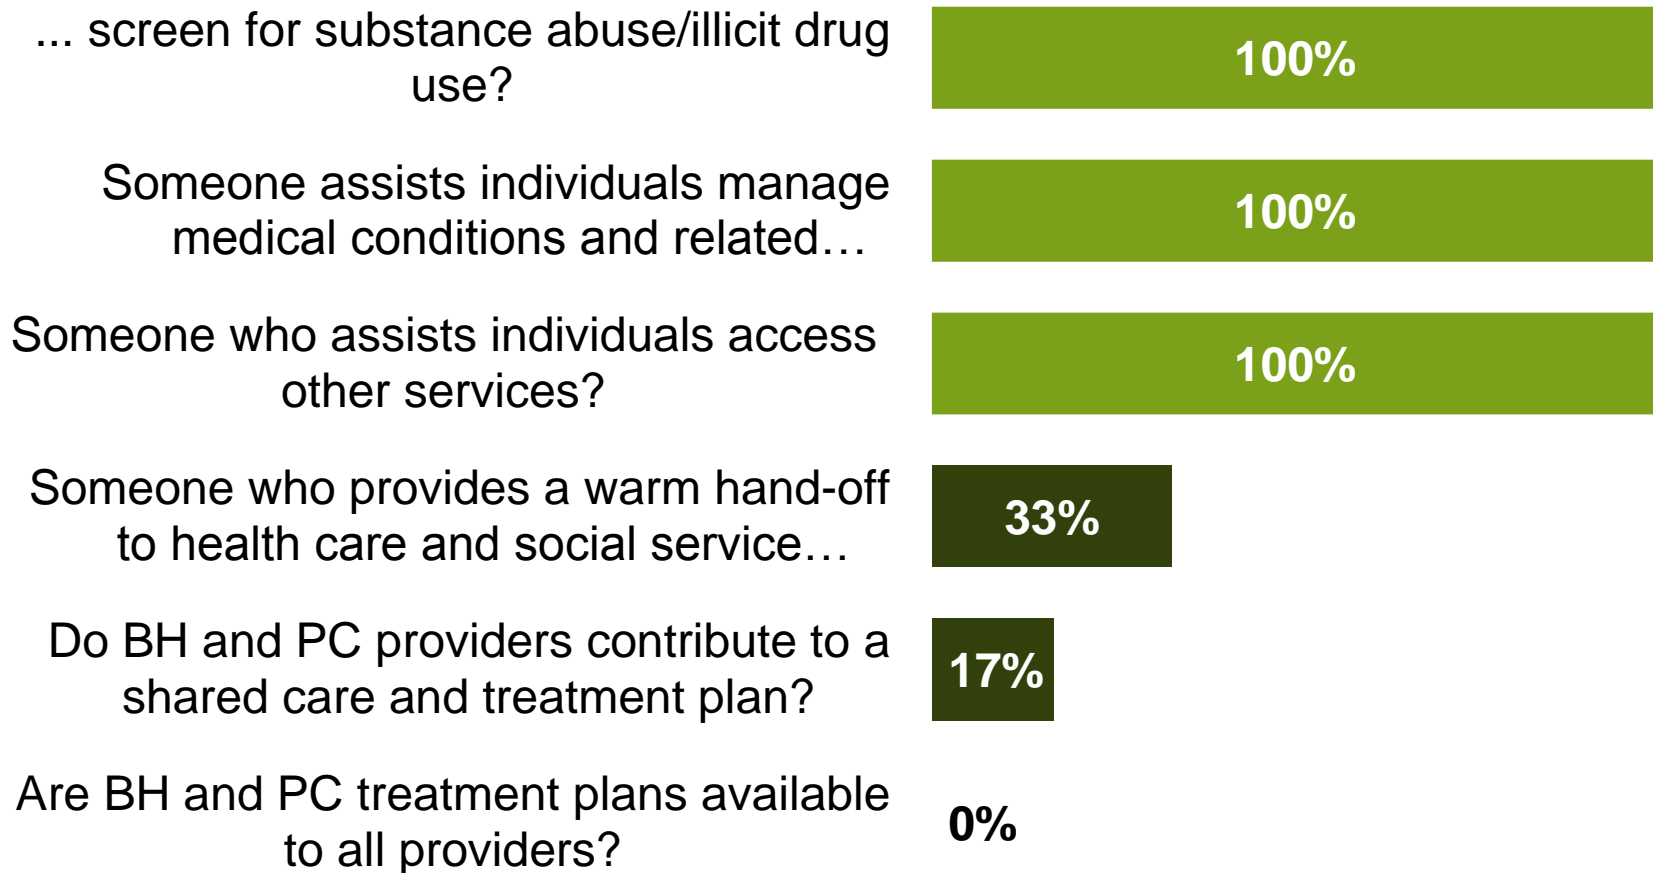

The **highest** and **lowest** percent of green responses:

...provide info about orgs that serve a high number of individuals with mental illness?	100%
... provide info. about local primary care providers who are taking new patients?	100%
...share relevant labs and exam findings with primary care providers?	100%
..follow up on referrals to peer support agencies?	38%
...track which individuals make it to their referred appointment?	25%
Do community orgs give feedback to providers about individuals?	11%

Section 4.2 & 4.3: Co-location and In-House Primary Care

The **highest** and **lowest** percent of green responses:

Section 5: Financing Integration

The **highest** and **lowest** percent of green responses:

....aware of federal rules, regulations, and incentives to integrate care?

100%

...track billing and monitor payment and denials?

100%

...structure its staffing model so that individuals work “at the top of their license”?

100%

...identify a funding stream for each billable activity?

78%

...engaged with payers in related demonstrations?

25%

... have a relationship with a health system participating in an ACO?

25%

Meet as a Team.....

What resonated with you?

What ideas do you hope to implement?

Which other organizations are doing something that you want to replicate?

Did the conversation inspire you to add a new TTA goal?
